PROJECT

SUMMER 2021 PLACEMAKING

PROJECT DETAILS

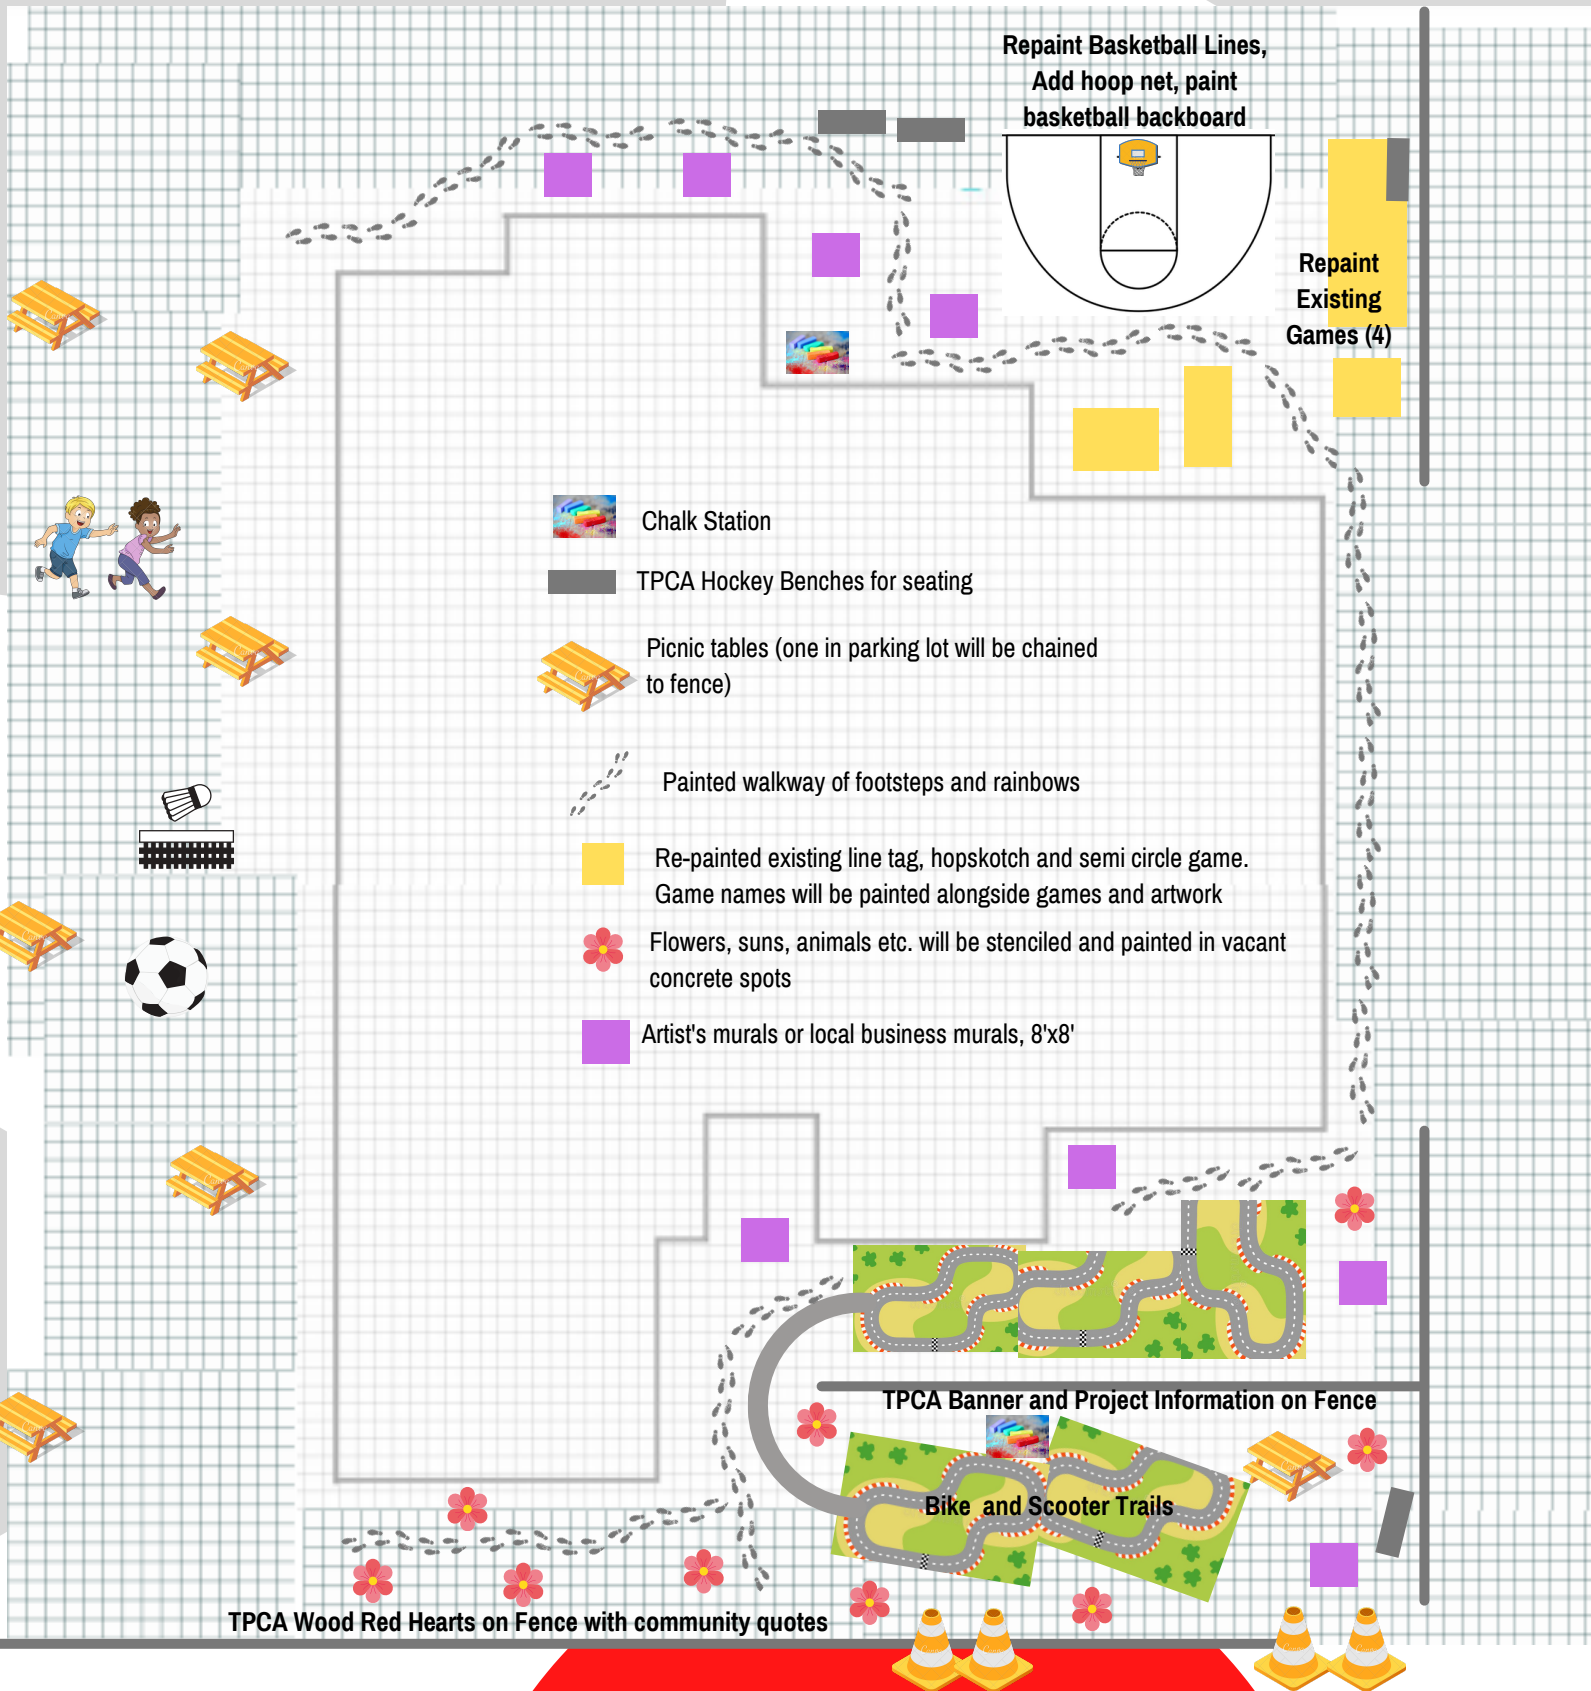

This summer Tuxedo's beautiful park located along Centre Street N, between 29th Ave NE and 30th Ave NE will be under construction for much needed flood mitigation work. As a result, the community is losing all of it's owned green space for the remainder of 2021 and part of 2022.

Last summer we saw a record amount of people out enjoying our park and greenspace and want to continue that love of the outdoors this summer!

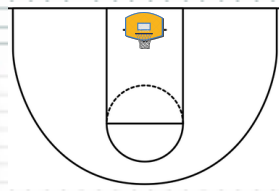

TPCA's Social Committee, along with help from the Federation of Calgary Community's ActivateYYC grant would like to transform CBE's Tuxedo Park School parking lot, basketball area and soccer field into a gathering space for our 2021 summer. We hope to paint games on the ground concrete, add artist murals that represent our history and diversity and place picnic tables, benches and games throughout the school field and property.

With the help of volunteers from the community, we would like to paint in early July and have a launch gathering on July 10th, 2021.

Please find out final design on page two with painting plans, picnic tables, benches and some games in the park.

Repaint Basketball Lines,
Add hoop net, paint
basketball backboard

Repaint
Existing
Games (4)

Chalk Station

TPCA Hockey Benches for seating
